

Happy Birthday Kak Caca!!!

I wanna start this letter off by saying happy birthday and obviously wishing only the best for you.

If you dont remember, kita pertama kali (as far as i remember) ada interaction di radio itu pas makrab and i was your guardian angel. and obviously it was quite hard for me krn kita ga dekat pas itu and i found out that kamu trnyata dekat sm suc and ak jg dekat sm suc so i was basically trying to fit in there tp trnyata it was hard yaaaa wkwkkwwk But, all's good. tapi one fun but embarrassing fact was that pas itu aku sempat usulin ayo kita ber3 sekamar in that queen bed tp KAK CACANYA PINDAHHH, so i was q devastated abt that. tapi our second encounter was taylor's eras tour dan dr sana kita jd banyak ngobrol yaa. honestly there's a lot of thing im thankful for tapi ini yg paling most important and the first one. kak caca, you may not know tp aku bnrn regen krn kak caca. kak caca buat ak jd nyaman sm anak radio (well not all of them, but some) and i felt the fun that people kept saying ya because of youu. ya di masa itu aku masih blm bs sebut radio rumah krn i still feel distant from most lah dan jg dimasa itu aku jg blm sedekat itu sm kak caca tp i felt the fun in it that im willing to try for another year. so obviously it was really devastating when you left krn aku br banget nyaman. but all's good krn trnyata after you left radio, kita masih dekat dan i can say jadi makin dekatt.

the second thing im really grateful for was the fact that kamu dan ason ngajak aku muluu buat hangouts n foods etc. disana meskipun aku ganyaman sm radio, tp aku nyamannnnn banget sm kak caca plus ason. kek i still remember the fun that we had pas itu. aku bnrn enjoy the time with youu.

the third thing im grateful for was aku senanggg kak caca trust me sampai mau cerita hal" ttg kak caca ke aku. it may seem like not a big deal, but it is for me. i was barely there di radio but you trusted me enough to tell things about you to me. dan im really grateful krn kak caca also became one of my trusted people jugaaa, aku nyaman banget cerita ke kak caca.

lastly, im just extra, really, very, extremely, ultra grateful that you are my friend and my sister. i love you that much and i hope you know it. i may not tell you a lot of things now because of our distance, tp deep in my heart youre still the first few people that i wanna talk to. its not like i dont wanna talk to you, but i just dont wanna talk to anyone. and not because i hate anyone, but i just dont want people to feel the burden that im having. and i just hope you know that. i love you and hope you have the best life ahead.

Sincerely,

Adek 🍷
